

## THE COMPANY

RAFISH is a company devoted to the export of fishing products in Mar del Plata, Argentina. This city has one of the most important ports in the country.

RAFISH offers the highest quality products from the South Atlantic Ocean.

Our company works with recognized producers for their consistent wide diversity of products. Their quality, freshness and packaging comply with international standards required by the European Community, the USA, Japan, Brazil and Africa to name but a few. RAFISH strives to provide its customers with better and varied products as well as value-added goods, quality and competitive prices.

## OUR PRODUCTS

One of our company's features is the supply of selected products such as Hake, Hoki, Squid, Savorin, Croaker, Grouper among others; a variety of processed products such as fillets, HGT, whole fish and different packaging such as interleaved, interlaminated, blocks, IQF, Poly bags, etc.

Besides the above mentioned goals, RAFISH offers quality control from the beginning of the process to their loading by professionals. The company also offers follow up, timely submitted documents ensuring that its customers receive the products in perfect condition.
